I am very excited to announce that this year's trophies
will be original pieces and prints by Northern Colorado's
Nationally Recognized Artist Pam Furumo!

American Kennel Club® **Above and Beyond**

What sets the AKC® apart
from other dog registries? Plenty!

The AKC...

- is a not-for-profit organization.
- is the largest purebred dog registry in the world.
- is the sports-governing body for over 22,000 dog events per year including conformation, agility, obedience, rally, tracking, lure coursing, earthdog, herding, field trial, hunt test, and coonhound events.
- assists tens of thousands of volunteers and teachers across the country who teach responsible dog ownership and safety around dogs; features an education booth that visits more than 70 events and conferences a year.
- created and supports the American Kennel Club Canine Health Foundation, which funds research projects focusing on the genetics of disease, the canine genome map, and clinical studies. AKC has donated over \$20 million to the AKC CHF since 1995.
- is the only registry that incorporates health screening results into its permanent dog records. Dogs certified to be free of hip or elbow dysplasia through the Orthopedic Foundation for Animals (OFA) and dogs certified to be free of eye disease through the Canine Eye Registration Foundation (CERF) have their clearance numbers printed on AKC-certified pedigrees and registration documents.
- founded AKC Companion Animal Recovery (CAR), which has reunited more than 380,000 lost pets with their owners.
- created and operates DOGNY - America's Tribute to Search and Rescue Dogs which supports Canine Search and Rescue (SAR) organizations throughout the United States.
- offers a Canine Good Citizen® program - A 10-step test that certifies dogs who have good manners at home and in the community.
- conducts thousands of kennel inspections annually to monitor care and conditions at kennels across the country and ensure the integrity of the AKC registry.
- operates a Government Relations department that provides input for federal, state, and local legislation governing responsible dog ownership.
- offers the largest, most comprehensive set of DNA programs for the purposes of parentage verification and genetic identity to ensure reliable registration records.
- supports one of the world's largest collections of dog-related fine art and artifacts at the AKC Museum of the Dog, which is open to the public.
- houses the world's largest dog library, which is open to the public.
- manages a Registered Handler's Program that sets criteria and standards for responsible, knowledgeable, professional handlers.

We're more than champion dogs. We're the dog's champion.

What's the right dog for me?

If you're considering getting a dog, ask yourself ...

- How big a dog will this puppy become?
- How active a dog will this puppy become?
- Should I get a puppy or an adult dog?
- Why was this breed of dog developed; what was it originally bred to do?
- Does this breed have special needs, such as professional grooming?
- What temperament and intelligence is typical of this breed?
- What genetic and health problems may affect this breed?
- How much does it typically cost to buy, feed, and raise a dog of this breed?
- Are there important differences between males and females of this breed?
- Have I spent time with puppies, adults, and older dogs of this breed?
- Can the breeder provide me with the appropriate paper work to register the dog with the American Kennel Club?

The decision to bring a dog into your life is one you will live with for years. Careful consideration before you make your decision will help ensure the happiness of both you and your dog!

BVKC's 3rd Annual VST

Big dogs and little dogs, and their people, attended the Buckhorn Valley Kennel Club's Third Annual Variable Surface Tracking event, held on Sunday, July 7, 2013, at the Colorado State University campus in Fort Collins, Colorado.

It was a young dog who tracked her way to a VST title, 14-month old, Baar Prico's Something Royal Von Boylan, TD, (Zara), owned and handled by Cindy Soloway.

The weather was sunny, highs in the mid-80's, calm, on a quiet campus. Due to new construction, the meeting place was changed with only a few days notice, but all the entrants arrived at the designated parking lot in time for the draw.

Judges Joan Telfer and Dr. Alicia Keegan, D.V.M., spent Friday afternoon and all day Saturday, working out where the seven tracks plus one alternate track could be plotted. Their methodical care continued with the four tracklayers, Anita Eley, Event and Hospitality Chair; Karen Bever, Dave Freddy, and CJ Galbraith; and the drivers, Hildy Morgan, (who was also a photographer); Bethanie O'Brien, and Vicki Harris.

It is greatly appreciated that Dr. Keegan agreed to be a judge with only a day's notice (on July 4th).

All of the dogs worked well, and several came close to earning their VST and CT titles. One who demonstrated focus was Jane Jonas' Bassett, Chayne, who had the additional distraction of a fox strolling by during their test.

Everyone took the near-wins with good grace. We all look forward to the next BVKC tracking event.

From the Editor

Summer is slipping away! But we still have a lot of hot days ahead. It's time to get the "show clothes" out of the closet and dust off the equipment; YEAH! Shows return to our area this month. Don't forget to check out the BVKC Match on August 10, incase your handling skills need to be dusted off as well ;) For me, I have to find out if my puppy remembers ANYTHING we have been working on, AND can remember them when we are back in the ring with other DOGS around!

So, in light of the busy month ahead:

- ◆ Travel Safely!
- ◆ Smile Often!
- ◆ Sportsmanship, sportsmanship!
- ◆ Have fun!

Wishing you all a successful month in the ring and out ;)

blessings,
Sandy
